by George Harrison

Intro:
G | C | A7 | Am7 | D7 | Bb | F

Here comes the sun (do-do doo doo) Here comes the sun— and I say
It’s all— right

Little darling, it’s been a long cold lone-ly winter——
Little darling, it feels like years since it’s been here——

Here comes the sun (do-do doo doo) Here comes the sun— and I say
It’s all— right

Little darling, the smiles re-turn-ing to their faces——
Little darling, it seems like years since it’s been here——

Here comes the sun (do-do doo doo) Here comes the sun— and I say
It’s all right
