Lazy Bones
by Johnny Mercer and Hoagy Carmichael (as per Leon Redbone)

(sing e     g     c)

Lazy—bones—sleepin' in the sun—How you 'spect to get your—day's work done—?
You'll never get your day's work done———lyin' in the noon-day sun———

Lazy—bones—sleepin' in the shade—How you gonna get your—corn—meal made—
You'll never get your corn—meal made——just lyin' in the noon-day shade——

When 'taters need sprayin'—I bet you keep prayin'—the bugs—fall off—the vine——
And when you go fishin'—I bet you keep wishin'—the fish don't grab at your line——

Lazy—bones—loafin' thru the day—How you 'spect to make a dime that way——
You'll never make a dime that way———Never heard a word I say——

When 'taters need sprayin'—I bet you keep prayin'—the bugs—fall off—the vine——
And when you go fishin'—I bet you keep wishin'—the fish don't grab at your line——

Lazy—bones—loafin' thru the day—How you 'spect to make a dime that way——
