Intro: Dm… Bb … F … C … Progression consistent all the way thru.

Dm                             Bb
F
When I grow up, I want to be a forester
C                             Dm
Run through the moss on bare feet
 high heels)
 Bb                             F
That’s what I’ll do, throwing out boomerang
C                             Dm
Waiting for it to come back to me

Bb, F, C

Dm                             Bb  F
 When I grow up, I want to live near the sea
C                             Dm
Crab claws and bottles of rum
 Bb                             F
That’s what I’ll have, staring at the seashell
C                             Dm  Bb  F  C
Waiting for it to embrace me, oh ohhh ooh oh

Dm                             Bb
I put my soul in what I do
 C                             F
Last night I drew a funny man
C                             Dm
with dark eyes and a hanging tongue
 Bb                             F
It goes way back, I never liked a sad look
C                             Dm  Bb  F  C
From someone who wants to be loved by you, oooh oooh oooh

Dm                             Bb
I’m very good with plants
 C                             F
When my friends are away
When I Grow Up

Fever Ray

2009

c                     dm
they let me keep the soil moist

bb

on the seventh day i rest

f

for a minute or two

c                     dm                     bb                     f                     c                     dm                     bb                     f                     c
then back on my feet to call for you oooh oooh oooh oooh oooh oooh oooh oooh oooh

dm                     bb                     f                     c
you've got cucumbers on your eyes

f

too much time spent on nothing

c                     dm
waiting for a moment to arise

bb                     f
the face in the ceiling and arms too long

c                     dm                     bb                     f                     c                     dm
i'm waiting for her to catch me oooh oooh oooh oooh oooh oooh oooh oooh oooh
