Longer
by Dan Fogelberg (1979)

G . Am . |Bm . C . | Longer than there’ve been fishes in the ocean
G . Am . |Bm . C . | Longer than there’ve been stars up in the heavens
Bb . Am . |G . C\ D\ |
I’ve been in love with you—————

G . Am . |Bm . C . | Stronger than any mountain cathedral
G . Am . |Bm . C . | Deeper than any forest primaeval,
I am in love with you———————

I’ll bring fire in the winter,
You’ll send showers in the spring———
We’ll fly through the falls and summers——
|G/d . D7 . |Dm . D |
With loving over our wings———

G . Am . |Bm . C . | Through the years, as the fire starts to melt——
G . Am . |Bm . C . | Burning lines in the book of our lives—— Though the
G . Am . |Bm . C . | Breaking cracks and pages start to yell——
I’ll be in love with you—————— I’ll be in love with you——————
**Instrumental Bridge:**
